

Thanks to everyone who volunteered to work with Habitat on our build for the Smith family this year.

Once again, you have made the wishes of a deserving family come to life. St. Brigid had several parishioners complete the landscaping and our Caring Ministry provided a delicious lunch last Saturday. The home looks great !!

If you have donated via the Taste of St. Brigid or donated funds or worked on-site - - please know that Kia Smith and the girls very much appreciate your time, talent and treasure.

Remember, Habitat offers a hand UP - - not a Handout. Kia and her family worked many hours on the home PLUS she will assume a 20 year mortgage based on the cost of the build.

We will dedicate the house on Saturday April 13th at 9:00 AM-- all are welcome to attend.

Thanks again for your gracious support.
